BARBOURVILLE, KY., FRIDAY, FEBRUARY 18, 1921

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

DEATH THREAT PUTS MAN BEHIND BARS

Hiram Thompson was taken custody by the police last night after he had threatened the life of Miss Mae Johnson, telephone operator employed by the Tri-State Telephone Co. The arrest was made by policemen DoBusk and Thompson.

Thompson had called Miss Johnson on the phone and asked to take her home, it is alleged, but when she refused, he said he was coming to see her anyway. Miss Johnson immediately notified the police who took Thompson, who appeared to be under the influence of liquor, into custody when he entered the telephone company's office. A revolver was found on his person at the time of his arrest.

According to the story told by Miss Johnson, Thompson had attempted to make advances to her and when she did not return them, he threatened to kill her.

Thompson is being held by the local police, pending hearing on the charge of carrying concealed weapons, the date of which has not yet been set.—Middlesboro Daily News.

ENTERPRISE STARTS WINNES FUND

After hearing the evidence in the Winnes case at Harlan, the Enterprise is starting a fund for the defense of the accused. The evidence against Dr. Winnes was such that Enterprise is of the opinion the case should be dropped. Eleven of the jurors favored acquittal.

FARMERS MEETING

Don't fail to attend the Farmers Meeting at the Court House Monday February 25th, at 10:30 a. m. to hear the discussions on Fertilizers and Seeds. Special program on Poultry conducted by a poultry specialist from the Agricultural Experiment Station. Two pure bred White Plymouth Rock Roosters and three settings of eggs to be given away. Come and try your luck.

Roosters and eggs will be drawn for and your chance is a good one the next morn.

MONDAY SOCIAL CLUB ENTERTAINED

Barbourville owns up to a number of men who desert their homes and stow sides every Monday night when they attend the gymnasium classes at Union College. This naturally causes family vacuums as it were and the deserted wives have taken to flocking together at each others homes these Monday nights to appease the aching voids, so to speak.

Mrs. J. S. Condon was the entertainer of the ladies last Monday night and failed to serve the elaborate lunch until the men had finished their raps skipping and other feats of strenuousness. They were ready for it.

The washers for the Barbourville Steam Laundry have arrived and the plant will be in operation in a few days.

SAM M. BENNETT

TO VOTERS OF KNOX COUNTY

I will be a candidate for re-election to the legislature in the August Primary. I am a citizen and resident of Knox County and have been a tax payer for more than twenty-five years. I was raised on farm and all the interests I have are embraced in Knox County. I know the next legislature will have to deal with some important matters to the tax payers interest and I know that I am interested in all tax payers in Knox County and the State also.

I am in favor of everything that will be of interest to the Mountain Counties—in favor of better schools, more pay for teachers and above all better roads. I am in favor of equal representation in matters arising between the employer and employee.

I am not in favor of a heavy burden of taxation—only enough to defray the expenses that are necessary and I believe in an equal distribution of the money.

I have had experience in the Legislature and I am more than thankful for the honor that the people did me in electing me to the Legislature in 1919.

I was raised a farmer's son on the farm and have stood by my profession and have been a coal miner for several years and know the needs of all.

I want to again thank the people for the support they gave me when I was elected before and want to again ask them for their support in the coming primary and want the support of every man and woman in Knox County, rich or poor, black or white, and hope to have their help in this election if they are in favor of what I have said in my announcement.

Your friend,
SAM M. BENNETT.

UNION vs BEREA Home Team Wins Bands Down

The ball game Saturday night between Union and Berea was fast and had lots of pep. However, from the start, the visitors were hopelessly outclassed. At times Berea appeared confused by the passing tactics of the home boys and when they tried the same tactics, the ball was generally taken from them and carried away. After the play had been going on for a while it was merely a matter of how many Union would score. The visitors put up a hard fight to the end and had not a drop of yellow in their makeup. It was simply a case of being outclassed.

When you think things are about as bad as they can be, cheer up, they'll probably get worse.

CITY WATER WORKS ARE DESTROYED

Fire destroyed the Barbourville Water Company's plant on Thursday morning about 1:40. It is supposed the fire originated in a room where several barrels of oil were kept.

John L. Stanfill, Reedy and Raymond Miller and another young man were at the hose house within five minutes at most. Mr. Stanfill used his automobile and the hose cart with the hose coiled on it was carried along as a trailer. Mr. Stanfill made two more quick trips for hose as the first coil was not enough. Not knowing where the hydrants were the boys attached the hose at the hydrant near Murf Cannon's house where there is a nearer hydrant back of the Faulkner building. When Mr. Stanfill got back with the third load he found that the hose had parted being in bad condition. There was also trouble with the threads. It is stated, as these do not match.

Before the hose could be gotten into play the roof of the boiler room had fallen in and the rest of the brick building was too far gone to save it. So intense was the heat that the big steel girders which supported the roof were twisted and fell.

The wall of the boiler room to the front is so badly cracked that it will probably have to be rebuilt. The whole of the roof went up in smoke.

The probable damage will be from \$15,000 to \$20,000.

It will be some days before the water can be pumped into the tank and the people are urged to go as easy as possible with the water they use as we shall undoubtedly be without before the machinery can be gotten into shape to use again. Should another fire break out we shall be up against a serious proposition.

It is hoped that the engine can be rehabilitated so whether it will work or not remains to be seen.

The pump is twenty feet down below the surface and has probably escaped injury so it also will have to be tried out. The boiler is intact as it was full of water at the time.

It is time that Barbourville had a real fire station with the hose on an automobile. In good condition, an alarm at the fire station and men to handle the hose stationed at the fire station. Two would be better. Rooms could be provided for them free of charge and a small salary attached to the duties.

Poor hose and fire system without a responsible head is like trying to run a factory with rotten belts and no manager.

If the money is not at hand it should be borrowed. As it is, one of our most enterprising citizens is subjected to a heavy loss thru the fact that the city possesses an inefficient fire fighting department.

The origin of the fire is not known. The engine had not been running since four o'clock Tuesday afternoon. The Barbourville Electric Light Co. plant turned in the alarm.

Another method suggested is that the City Council call an election for a bond issue to build the hall suggested above. If the citizens think this should be done, let's ask the Council to do this. As it is true that what is everybody's business is nobody's business, the Council might take the initiative and put the question to the business people of the town. There is no doubt that the rest of the citizens would see the matter in the same light as would the business men.

SHOT DEAD IN ATTEMPT TO MAKE ESCAPE

Will Beeler, a twenty-one year old negro of Flat Lick, Knox County was shot dead while attempting to escape from the custody of Doc Green, a turkey at the Pineville jail, Saturday night, Feb. 5th. He had been fined \$100 and sentenced to thirty days in jail for carrying concealed weapons.

As Green turned the key in the door, the boy struck him a tremendous blow which partially rendered Green unconscious. Recovering directly, he sent six bullets after the fleeing negro in an endeavor to bring him to a halt and one of the bullets struck him in the back coming out at the chest.—Middlesboro Daily News.

A poor man has his troubles but nobody ever asks him to endorse a note.

NORTH SALEM, IND., NEWS

Mr. and Mrs. Joe Dozier and child were visiting Mr. Dozier's parents, Mr. and Mrs. J. M. Dozier, on Sunday.

J. M. Dozier has been unable to work for the past four weeks on account of a fractured shoulder. He was hauling a load of hogs to the road in a hog rack to load them on a truck when all of them crowded to one side causing the wagon to tip over, throwing him and his hogs all out on the frozen ground. The neighbors gave him a surprise on Thursday when nine men came with saws and axes and cut a nice lot of wood for him which was greatly appreciated since he was short out of wood.

C. A. Dizney has rented another 80 acre farm. He should raise lots of corn.

Tom Martin is talking of going to Kentucky to work in the coal mines.

PLAN TO MAKE KENTUCKY FRUIT GROWING CENTER

Development of the fruit industry with a view to making Kentucky one of the leading fruit growing centers of the country, is the aim of officers of the Kentucky Horticultural Society, which will be given this spring a campaign of education on planning and growing fruit.

Demonstrations and lectures will be given in the county seats throughout the state, the first of which will be at Beattyville, in Lee County, Feb. 14th. Large displays will be a feature. Berea will be visited at the same time of the demonstration at Beattyville, and farmers will be instructed in the best methods of caring for their orchards.

The railroads are interested in the movement and already the Southern and L. & N. officials are co-operating with the society. The L. & N. has employed a man who is known as the company's horticulturist, E. J. Hoddy, of Knoxville. With Ben E. Niles, of Henderson, secretary of the Horticultural Society, he will deliver an address on "What the Fruit Industry will mean to Lee County."

When the weather opens up in the spring, Mr. Niles will visit every county where there is any interest shown in the plans of his organization. The farmers of Western Kentucky already are organizing developing the natural resources of that section of the State and the fruit industry is one of the things that will get first attention when the committees are put to work.

Henderson County is planning to follow the lead set by Warren and Christian counties, and begin growing of small fruits, especially straw berries.

The annual meeting of the Horticultural Society was held at Lexington last week when new officers were elected and plans outlined for the year's work. W. H. Stills, of Lexington, was reelected president and the new board elected in turn re-elected Mr. Niles secretary and treasurer. It may be decided at a future meeting of the society to ask for an increased appropriation from the next Legislature with which to carry on the work of the organization.—Louisville Herald.

MICKIE SAYS

"TH' BOSS SAYS, 'NUTHIN' DOING' MR. BLOWPOKE! HE SEE IT LOOKS TO HIM LIKE YAD LEARN SOMETIME THAT THIS HERE NEWSPAPER GOES TO PRESS REGULAR AT TH' SAME HOUR, IN WE SEE HES GETTIN' TIRED OF YA ALWIS DRAGGIN' IN YER AD JEST AS WERE GETTIN' READY TO DASH TO PRESS!"

W. W. EVANS FOR COUNTY JUDGE

To the Citizens of Knox County:

In making this announcement I do so with some degree of hesitation from the fact that it is the most important office to be filled within the County. It is not necessary for me to attempt to enumerate the duties to which one obliges himself when elected to the office of County Judge. Neither do I feel that I am coming before you as a stranger and from the acquaintance that I have had with you is largely the reason that I have made up my mind to enter this campaign.

Knox County is geographically located as it is easily found in the Banner County of South Eastern Kentucky. In Agricultural Schools, Churches, and as a place to live, if we will only organize and all work together to that end.

—Being convinced now, in view of which the farmer travel more in taking his products to market are most essential to the success and happiness of every man, woman and child in Knox County, I pledge myself now, if elected, to see that all the money that can be obtained each year for road and bridge purposes shall all be spent for making better roads and more bridges with a view of economy and permanent construction in mind at all times.

—I shall aid the farmers in perfecting an organization for better farming and better stock.

—I shall co-operate with the various Boards of Education in raising the standard of education and do all in my power to lower the per cent of crime. I shall also enforce the law protecting the health of those who work in the coal mines in this County.

—I shall perform the duties of said office diligently and with firmness, without malice to any and good will to all.

Your vote and co-operation solicited at the Republican Primary August, 1921.

Cordially,
W. W. EVANS

LOCKARD GETS LIFE FOR SMITH MURDER

FORBON, Ky.—George Lockard, formerly of this place, was found guilty of the murder of Wiles Smith October 18, last, and given a life sentence in the penitentiary. Rich and Morgan, implicated in the same offense, was re-arrested here today, and returned to Williamsburg to be tried in the coming week. Jack Lewis will also stand a trial for taking money from Smith, after the murder.

Smith was murdered by Lockard here on the night of October 18 after he had been arrested and released on cash bond. It was claimed that Smith became belligerous and threatened the officers and flourished his weapons. He was talking with a deputy police when Lockard shot him dead. It is claimed he had several hundred dollars on him when shot, and Lewis, a plumber, took the money off him, later returning part of it to relatives of the dead man. Morgan was with Lockard and Smith when Smith was arrested and also when shot.—Louisville Herald.

THE CALL FOR HELP

Upon word reaching China that
the Rev. Dr. E. Y. Mullins had been
appointed chairman in Kentucky for
the China Famine Fund, a flood of
letters and information concerning
the horrifying conditions in the
northern provinces began pouring in
to the Louisville headquarters.

More than one hundred letters
from missionaries, who are personal
friends of Dr. Mullins, tell of the
famine which has been sweeping the
provinces of Shantung, Chihli, Hon-
nn, Shanxi and Shensi, embracing
a population of 40,000,000 beings.

Of this number more than 15,000,
000 now are subsisting on dry leaves
roots and bark and already the rate
of death is exceeding 15,000 each
day.

According to the report of the
American minister at Peking, a ty-
phus epidemic is inevitable. Dr.
Mullins, who is president of the
Southern Baptist Theological Sem-
inary, was appointed chairman by
President Wilson.

Dr. Mullins in his appeal says:
"Indeed a father gave a polish-
ed dumpling each to his wife and
five children and himself. It was
the only food they had had for days
with no other food in prospect. De-
spair is driving our neighbors to
suicide."

The fact that these unfortunates
are in China makes them none the
less our neighbors. We sell cotton
and tobacco to the Chinese. They
are our neighbors in business. So
also they are our neighbors in dis-
tress.

In five provinces in North Central
China crops have utterly failed
and famine reigns. Fifteen million
men, women and little children face
starvation. Between ten and fifteen
thousand are dying daily from star-
vation and diseases that go with it.

"You will not pass by your Chin-
ese neighbor facing starvation and
death.

"I am sure you will help.

"Send your check payable to Jo-
seph Burge, President of the Louis-
ville Board of Trade, who is Tress-
urer of the China Famine Fund for
Kentucky.

"We, so blessed of God, with our
well fed families, will not forget the
dire need of these suffering mil-
lions."

Father E. T. England delighted
the class of Prof. R. E. Burnett on
Tuesday when he repeated his Get-
tysburg address for their benefit.
Prof. Peavay asked for the address
for his class for Wednesday and
Father England kindly consented to
repeat it for them. In connection
with this matter, it is interesting to
note that the picture of Robert E.
Lee which hangs in Father Eng-
land's store is practically the same
as that of the General gotten up by
Union College for the play Monday
night.

BAPTIST CHURCH

Sunday, February 28th

11 A. M.—"Giving Ourselves to
the Lord."

Every Baptist in the town and
community is urged to be present.

7 P. M.—"Does God Speak to the
People of Barbourville Today?

Let's start to the morning service
in time to make it 300 in S. S. at
the 9:45 hour—266 last Sunday.

And in the evening you cannot afford
to be too late for the B. Y. P. U.
program at 6:15.

There will be a number baptized
next Sunday night.

Not only has there been a great
revival with the salvation of about
sixty precious souls, but there has
been more than sixty additions to
the church during the past few
weeks.

And now our church is thoroughly
alive to the great need for equipment
to take care of our growing
work and we expect to offer you
comfortable quarters in which to
worship with us in the near future.
If you have faith in God come help
us grow, if you do not have faith in
God, come let us tell you about him.

Barbourville Citizens Gladly Testify
and Confidently Recommend
Doan's Kidney Pills

It is testimony like the following
that has placed Doan's Kidney Pills
so far above competitors. When peo-
ple right here at home raise their
voice there is no room left for doubt.
Read the public statement of a Bar-
bourville citizen.

George C. Morris, farmer, says:

"I gladly recommend Doan's Kid-
ney Pills. My kidneys were out of
order and my back ached and pain-
ed terribly. I could hardly do any
stooping or lifting and my kidneys
acted irregularly, at times being too
frequent and then again sluggish.
Doan's Kidney Pills soon rid me of
the backaches and put my kidneys
in good order."

Price 60¢ at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mr. Morris had. Foster-Mil-
burn Co., Mfrs., Buffalo, N. Y. Adv.

ROBERT D. MCDONALD HONORABLY DISCHARGED

Sergeant Robert D. McDonald, who has helped make music for the boys in Uncle Sam's army for a number of years, was honorably discharged February 12, from Charleston, S. C., on account of disability. His hearing is somewhat impaired.

Mr. McDonald says he is now a citizen and can exercise the right of voting, being over 21 years of age.

He also is figuring on pushing a band for Barbourville, which he says should certainly have one and give weekly concerts in the Public Square throughout the summer. Bob wants to put some joy into our lives and we wish more power to his elbow.

He has many friends who will be glad to welcome him as a friend and brother.

\$98 FOR DECEMBER FARM FLOCK MAKES

Cordon, Ky.—What can be accomplished by the proper care and feeding of the farm poultry flock is shown by the results obtained from the flock of Mrs. J. T. Wilson, of this city, where a profit of \$98.26 was realized from 168 white Wyandotte hens during December. Mrs. Wilson is conducting a demonstration in co-operation with the State College of Agriculture and did all feeding and management according to its recommendations.

OBIE MILLS ANNOUNCES FOR JAILER

Obie Mills, of Hammond, has thrown his hat into the ring for the office of jailor for Knox County.

Mr. Mills is a merchant-farmer, a man of absolute probity and square dealing and a Republican who was born and raised in Knox County, knows its needs and will not only perform the duties of jailer but unswerving fidelity if elected, but will make a first class citizen also.

He asks his numerous friends over the County to not only vote for him but to give him verbal support among their own friends.

He will appreciate every effort made on his behalf.

His platform is—Good citizenship and a square deal for everybody.

Dave Davies left for Lynch mines last Wednesday.

CHRISTIAN CHURCH LADIES AID MEETING

The Ladies Aid of the Christian Church met with Mrs. W. W. Tinsley and Mrs. Rathfon for their regular meeting on February 4th. In the continued absence of the president, Mrs. G. M. Richards, Jr., the vice-president, Mrs. Rasnick, acted as president.

The topic of the meeting was "Faith" and Mrs. Barner had charge of the devotional part, which was followed by a very interesting business session with the various committees reporting. The name of Mrs. George Golden was submitted for membership, and after plans for the work immediately in hand had been discussed the meeting adjourned.

Delicious refreshments of sandwiches and hot chocolate were served by the hostesses during the pleasant social hour following the meeting. We were glad to have Mrs. Brown, of Varilla, as a guest.

The next meeting will be with Mrs. C. A. Steele on February 18th. The subject at that time will be "Prayer." All members are urged to attend these very interesting meetings of the Aid.

NOTICE

Regular meeting of the Cumberland Council No. 77, R. and S. M., Saturday, February 19th, 7:30 P. M. Degree work. Companions requested to be present. Visiting companions cordially invited.

BERT CHURCHILL, T. I. M.
JAMES ARCHER, Sec'y.

D. M. FAULKNER,
R. F. 1, Biltmore, N. C. 16-41p

A curious fact in connection with the birth of another son to H. L. Taylor is that all three children were born exactly eighteen months apart. The first was born Feb. 10, 1918, the second, Oct. 10, 1919 and the last boy Feb. 10, 1921.

SHUTTLE BLOCK FACTORY Will Start up Business Shortly

Barbourville is to have a new industrial plant which will begin manufacturing dogwood and persimmon shuttle blocks. The Company will later expand and probably make handles for rakes, picks, etc. which will be turned by the latest up-to-date machinery.

The location will be on the property of Judge W. R. Lay and Judge B. B. Golden at the end of Knox St. opposite the tipple of the Blue Gem.

The stock-holders and officers are three in number, W. R. Lay, President and Treasurer, J. M. Cole, Secretary, Thos. Hubbard, Vice-President and General Manager.

A wooden structure will be erected and electricity will be the driving power. Work was begun on the building Thursday of this week and it is expected operations will be begun in about two weeks providing the timber contracted for arrives.

Five or six men will be employed for the three tables and this number will be increased as the business enlarges.

The Company will start in with an incorporated capital of \$3,000.

We are glad to welcome this new business enterprise to Barbourville. The more industries we can get the better for all of us.

METHODIST LADIES AID

The Ladies Aid of the Methodist Church met at the home of Mrs. A. W. Hopper on Friday, Jan. 21st. There were twenty-four members present. Mrs. John G. Tye read a paper on "Prayer." After adjournment the hostess served delicious ice cream and cake.

On Feb. 4th the Methodist Ladies Aid met with Mrs. M. Cannon on Feb. 4th. Fifteen members answered roll call. After adjournment the hostess served a dainty salad course.

The next meeting will be at the home of Mrs. John A. Black on February 18th.

W. M. Johnson, James Shorter and Sherman Bowles, on Tuesday night brought to the jail Bob Blevins on the charge of bootlegging. A man whom they state was named George Barnes escaped. The raid was made toward Emanuel and resulted also in the capture of nine half gallons of whiskey and two revolvers. Blevins was turned loose on bond.

CONDENM HIGH PRICED STOCK FOODS

Prominent Hog Raiser Says
Prices Charged Are Unwar-
anted—Makes His Own
Hog Food, With
Better Results

"That he is all thru paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market" was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in town. He states that for years he bought high-priced hog foods and hog remedies, but he is all thru paying extravagant prices for what he can make himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows, require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs growth and a well balanced ration. This inexpensive mixture, placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to the Mineraline Chemical Co., 1638 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds. —Adv.

LOUISVILLE & NASHVILLE RAILROAD

ANNOUNCES

CHANGE IN TIME

EFFECTIVE FEBRUARY 20th.

Train No. 11 for Middlesboro will leave Barbourville at 11:22 a. m. except Sunday, instead of 11:27 a. m.

Train No. 23 for Norton will leave Barbourville at 4:00 p. m. instead of 4:41 p. m.

Train No. 12 for Corbin will leave Barbourville at 2:20 p. m. except Sunday, instead of 2:58 p. m.

For further or detailed information, apply to local ticket agent.

CORBIN ROAD CONTRACT

TO BE LET

Judge J. D. Tuggee, who has been working on letting the contract for the Corbin-Barbourville road which has been approved by the State and Federal governments, says he hopes the contract for the work will be let within sixty days.

Whether the whole work will be let under one contract or contracts for surfacing and grading let separately, has not yet been settled.

Work on the Bell County end of the road is proceeding well.

Why Take Chances and Experiment?—Don't be Misled!

Some baking powder firms try to exist on the reputation of others by making the claim that their powder is just as good.

There is nothing so cheap as imitations. These Baking Powders that are represented as "just as good" you will find have little or no sale compared with Calumet. They may offer an inducement, such as a Cook Book or some trinket to get you to take a can or two of their goods.

Don't be deceived into buying brands of Baking Powder that have not been successful.

CALUMET Baking Powder

has always given satisfaction. It is made in the largest and finest baking powder plant in the world, and is the largest selling brand in the world.

When you use Calumet you are always sure there will be no failures—no waste of time and materials—and every time you put a baking into the oven it will come out light as down, pure, and uniformly raised.

Perfect in Quality—Moderate in Price

All Grocers Recommend and Guarantee

CALUMET BAKING POWDER

Keep Your Blood Pure Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood? Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an untiring sign that impurities will steadily accumulate until your vital health will be seri-

ously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Get a bottle of S. S. S. at your druggist's to day, and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

W. E. CAREY GIVES STRAWBERRY TIPS

We have prevailed on Mr. W. E. Carey, who is an experienced grower of strawberries, to write the article below on the subject of their culture.

The Advocate has been hammering on this subject for two years. Several men will grow from one to two acres of strawberries this year.

An article on fruit growing in Kentucky will be found elsewhere. Those who start in now will get the cream of the business.

We shall be glad to hear of others who have joined the strawberry growers in their effort to put Knox County across.

To the Readers of the Advocate:—

Having received several inquiries concerning the culture of strawberries which I have not the time to answer individually, I have concluded to use these columns—thru the courtesy of the publisher—for the information of anyone desiring to use it.

Strawberries should be planted in this locality during April and May. The soil should be well tilled and the plants set in rows three feet apart and eighteen inches in the row. In planting use a dibble, a flat, thin instrument of wood or metal, about two inches wide and one foot long. Push it in the ground with the right hand to make the opening, slanting it forward. Take the plants in the left hand between the first and second finger and the thumb and twist it so as to spread the roots in fan-like shape and put it in the opening behind the dibble which is then withdrawn and the soil pressed firmly around the roots, being careful not to cover the crown, as that would smother the plant. If the roots should be long and straggly cut the ends square across with a pair of shears.

Keep the ground clean. Shallow cultivation should be given every ten days or two weeks. During the growing season runners and blooms will appear on all healthy growing plants but these should be pinched off in order that the entire vigor may be given toward forming the crown for the coming season's crop. After September 15th they may be allowed to run and young plants will form on each runner joint before old plants become dormant in the fall, and these can be used for a new setting during the following spring.

In sections where the winters are severe the plants must be mulched, covering them with coarse litter or straw, but in this locality, the litter need only be placed between the rows near the plants, not over them, unless the weather should prove exceptionally severe. This litter should be left on until after the plants are done bearing, as it keeps them free from grit and also retards the growth of weeds.

Put out new plants each spring so as to have one full crop coming each year. The old plants may be allowed to run in a solid bed or in rows of about eighteen inches with

W. E. CAREY.

A NERVOUS WOMAN

Huntersville, W. Va.—"After I got over the influenza last spring I was all run down and suffered from functional disturbances. I suffered with bearing pains and was so nervous I felt as if I would go to pieces. My breath was so short that I could not walk up stairs at all or hardly walk upstairs. Having used Dr. Pierce's Favorite Prescription with good results when I came into womanhood, I decided to try it again. I have taken three bottles and am feeling fine."—MRS. NELLIE J. BUSCH.

MORE ABOUT THE BACKWATER

In conversation with Squire Thos. Hubbard Wednesday about the back water, we learn that he and Arthur Vermillion took up this matter with Judge Robson some years ago. At that time Judge Robson stated that if the gentlemen would get an estimate made of the probable cost of the work he, Judge Robson, would see what could be done in the matter at Washington.

Both men were busy and failed to do more than to satisfy themselves that thefeat is feasible and that the work could be done for \$100,000 with what help the water itself will give in excavating.

Mr. Hubbard suggests that the overflow channel should begin at the gap near John Turner's and Jeff Candy's place and again join the river at Frank Hawn's place.

Mr. Hubbard suggests that our citizens should call a meeting and see what can be done toward doing away with this detriment to progress and growth. There is no question that the growth of the town is being retarded by the fact that most of the property is subject to overflow and if it could be done away with we should get into a stride of growth that would surprise even the most sanguine.

If our people will show their good faith by their works it would seem that our energetic Congressman and Senator should be able to get an appropriation to help put the work thru. Let those who are interested tell us they are for it and let me call the meeting suggested.

Mr. Hubbard says he is ready to put \$1,000 toward the work. Others have expressed their intention to pay a like amount. Why not let's go? Good intentions alone do not pave the way to any place but the nethermost pit.

Progress means life, stagnation death.

The Knox Garage, under the direction of Bert Churchill, is rapidly nearing completion. It is expected that it will be finished by the end of next month.

COMMISSIONER'S SALE

By order of the Knox Circuit Court rendered at its November Term, 1920, in the case of James T. Hale, Plaintiff, against Mat Hale, Et Al., Defendant,

I will, as Master Commissioner, on the 28th day of February, 1921, same being the first day of the February Term of the Knox County Court, sell at the Court House door in Barbourville, Kentucky, to the highest and best bidder, the following described property, 2 houses and lots, to satisfy the judgment in said case, and \$50.00 probable cost.

Description:—

REGINNING at the southwest corner of Lot No. 9 on Allison Avenue, and running an eastwardly direction with line of Lots No. 8 and 9 to the southwest corner of Lot No. 8, 200 feet to an alley; thence with the line of alley northwardly direction 100 feet to a stake corner of Lot No. 10 on the southeast corner of Lot No. 11; thence westwardly with the line of Lot No. 11, 200 feet to Allison Avenue, which is the northwest corner of Lot No. 10; thence with Allison Avenue to the BEGINNING so as to include Lots No. 9 and 10 on said Avenue and bearing the same property conveyed to Jane Hale by W. O. Smith and wife by deed dated 31st day of October, 1918 which deed is recorded in Deed Book 39, page 123.

There are two houses erected on these two lots described hereinabove.

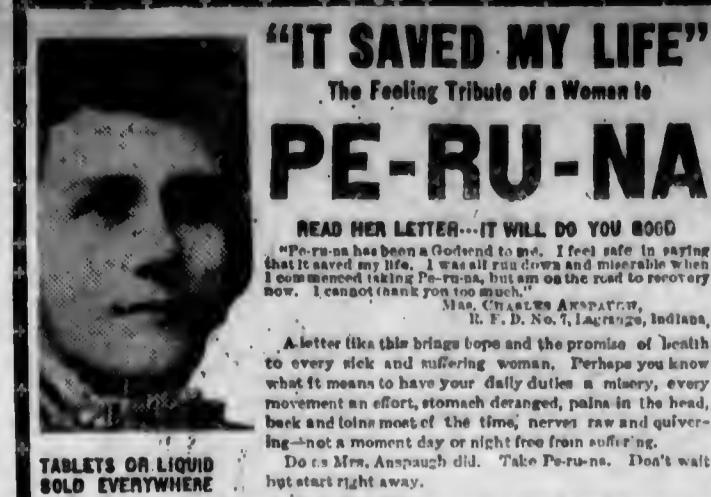

Said property will be sold on a credit of six months, purchaser to execute bond with approved security bearing interest at six per cent from date, having the force and effect of a judgment and retaining a lien on said property until the purchase money is paid.

WITNESS my hand, this the 9th day of February, 1921.

J. R. JONES, Master Commissioner, Knox Circuit Court.

Sale about 1 p. m. Purchaser must execute bond as soon as sale is over, or the property will be immediately put up and resold. 15-31

M. G. Hignite has returned from a trip to Virginia where he sold shoes for Haynes-Henson Shoe Co. He states all the stores are closed down on account of price and lack of demand.

"IT SAVED MY LIFE"

The Feeling Tribute of a Woman to

PE-RU-NA

READ HER LETTER...IT WILL DO YOU GOOD

"Pe-ru-na has been a Godsend to me. I feel safe in saying that it saved my life. I was all run down and miserable when I commenced taking Pe-ru-na, but am on the road to recovery now. I cannot thank you too much."

Miss Charles Anspaugh,

R. F. D. No. 7, Lawrence, Indiana.

A letter like this brings hope and the promise of health to every sick and suffering woman. Perhaps you know what it means to have your daily duties a misery, every movement an effort, stomach deranged, pains in the head, back and loins more of the time, nerves raw and quivering—not a moment of day or night free from suffering.

Do as Mrs. Anspaugh did. Take Pe-ru-na. Don't wait but start right away.

UNION COLLEGE NOTES

The first issue of The Orange and Black will be out Monday, February 21st.

Mr. Daugh Smith has returned to Union where he will continue his studies for the rest of the year.

Mattie Kelley and Lillie Smith went to Manchester Monday to see the Junior Class President, Jane Keith, who is still very sick.

Pearl Parsons and Thelma Morehead were in Pineville Monday.

On Saturday evening the Varsity team retrieved its reputation when it literally wiped up the floor with the Iveries team to the score of 39 to 13. The whole thing was just a walk away tho we have to admit our visitors played real basketball. Everyone of our team did wonderful floor work, and altho Blair, as stationary guard did not get a goal, he played his end of the floor superbly at all times. Trosper and Faulkner played a fine game as forwards, Trosper getting 19 and Faulkner 8 points.

Our enjoyment of the evening was greatly increased by the good music of our ever ready Band. We are looking forward to another game with L. M. U. next Saturday evening.

March 4 and 5 are to be lively days on U. C. Campus when the High School Basketball Championship for Southeastern Kentucky is to be decided upon. Teams will be here from this entire section and the winners will go to Lexington to represent us in the State Tournament. We have great hopes for our Academy team which will be chosen from among Duabur, Blair, Faulkner, Lee

Kenneth Tugle, Stark, Howard and others.

Give your subscription for Orange and Black to any Junior.

Dean Ryder gave an interesting talk on Lincoln in the Chapel last Saturday morning.

President Franklin made a hurried trip on business to Louisville Monday.

The Board of Regents representing the educational department of the State, visited us last Tuesday. They inspected our plant, our course of study and our class room work.

As a result of their visit, Union College is privileged to grant the State Elementary Certificate to all Normal students when they have completed two years of the work required for teachers.

We are having a variety of Chapel speakers of late. Prof. Humfleet made us all laugh heartily last week while he told us to stick to our job of getting an education till we finished it.

As we walked from building to building on the Campus last Monday and saw Lincoln, U. S. Grant, Robert E. Lee, General Meade and others who were famous during the Civil War, we were led to think of the time when our old union was preserved. Monday evening these men really lived again and caused the audience to experience the stirring events of the sixties. The Senior Academy Class is to be congratulated on the splendid way in which it interpreted the character of Lincoln and made all know him better than we ever did before.

The Seniors wish thru the columns of the Advocate to thank the towns

people who so generously lent their furniture and dresses to grace the occasion of Abraham Lincoln's coming to Barbourville.

Union College has entered the State Debating League. We shall debate with the various schools of the Southeastern Section, the winning team going to the larger division until the final contest in May at Lexington where the State championship will be decided.

BED CROSS PROGRAM

Under the direction of the Red Cross nurse, Miss Jump, the class she has been conducting among the colored people, put on a very creditable program at the Court House a week ago Saturday. This program consisted of several little plays illustrating the work of the community nurse. The lessons were well brought out in each case. Some of the boys and girls formed a chorus which could sing. A group of boys sang the following parody on "The Old Oaken Bucket."

With what anguish of mind I remember my childhood, Recalled in the light of a knowledge since gained;

The malarial farm, the wet, fungus-grown wild wood, The chill there contracted that since have remained; The sun covered duck pond, the pigsty close by it, The place where the sour smelling house drainage fell; The house of my father, the barnyard just nigh it, But worse than all else was that horrible smell.

Chorus

The old oaken bucket, The iron bound bucket, The moss covered bucket

That hung in the well,

Just thing of the moss on the vessel that lifted The water I drunk in the day called to mind, Ere I learned that professors and scientists gifted, In water of wells by analysis find, The rotten wood fibre, the oxide of iron, The algae and toads of unusual size; The water, impure as the verses of Brian, Are things I remember with tears in my eyes.

How little I thought of the typhoid fever, That lurked in the water I ventured to drink: But since I've become a devoted believer In teachings of science, I shudder to think, Perhaps had I boiled and afterwards strained it, Thru filters of charcoal and gravel combined And afterwards distilling, condemned and regained it, In passable form with its filth left behind.

OWN YOUR BUSINESS

Take orders for men's made-to-measure clothes; liberal commission old established firm. Write at once for particulars giving references in first letter. Big money and permanent business for you. Madeline Tailoring Company, 314-316 W. 4th St., Cincinnati, Ohio. 16-21

COMMISSIONER'S SALE

By order of the Knox Circuit Court rendered at its November Term, 1920, in the case of

Dorn Jarvia, Guardian

Plaintiff

against

E. C. Jarvis, Et Al., Defendants.

I will, as Master Commissioner, on the 28th day of February, 1921, same being the first day of the February Term of the Knox County Court, sell at the Court House door in Barbourville, Kentucky, to the highest and best bidder, the following described property, boundary of timber, to satisfy the judgment in said case, and \$50.00 probable cost.

Description:—

All of the merchantable timber 12 in. in diameter and over on the boundary of land consisting of about 500 acres on the waters of Big Richland Creek and known as John D. Jarvis farm. Said timber consists of hickory, white oak, poplar and various other kinds of timber.

Said property will be sold on a credit of three months, purchaser to execute bond with approved security bearing interest at six per cent from date, having the force and effect of a judgment and retaining a lien on said property until the purchase money is paid.

WITNESS my hand, this the 9th day of February, 1921.

J. R. JONES, Master Commissioner, Knox Circuit Court.

Sale about 1 p. m. Purchaser must execute bond as soon as sale is over, or the property will be immediately put up and resold. 16-31

The NEW EDISON

"The Phonograph with a Soul"

MOOD CHANGE CHART	
An Analysis of Your Household Routines, or, How to Make Your Phonograph Work Best	
Date of Test: Mar. 1, 1920	
5. What was your mood immediately preceding test?	
What is your mood now?	
6. As a result of the test, what were your most noticeable mood changes?	
Mood Change	
I came from a very nervous condition and the first half hour of the music produced the following results:	
Music Research Department	
Edison Laboratories	
Canton, N. Y.	

Help Edison

Take some Mood Change Charts home and make this experiment!

LET'S imagine you have just come home from shopping. You are tired and nervous. You step to the New Edison and put on an Edison Re-Creation. Gradually the music soothes you. You forget fatigue and your "nerves" disappear. You feel refreshed and light-hearted.

Mr. Edison in his present great research is studying into the effects of music on the minds and moods of men.

Will you fill out a Mood Change

Chart, and do your bit for Mr. Edison's research?

Make the experiment in your own home. Come in. Let us give you a supply of Mood Change Charts. Have your family and your friends fill them out. They will find it more fun than Ouija.

If you don't own a New Edison, fill out a Chart in our store! Better yet, we will lend you a New Edison and a program of Re-Creations so that you can give a Mood Change Party in your own home.

CHAS. R. MITCHELL, GEN. MGR.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the State. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and run down I was not able to attend to my duties.

Dr. Albright also states that the surveys were filed with and approved by the State Board of Health.

Rev. E. Parker has generously offered that portion of his land through which the sewer line would pass free of charge.

We are informed on a high authority that Hon. R. N. Jarvis on Tuesday won his first croquet game of the season. His partner was Dewey Wyrieck, their opponents being Capt. John H. Lawson and Jim Miles. The victory was a clean cut one over these old campaigners.

We have what you have been looking for—a new Spring hat! Come in and get your choice at Miss Laura Hayes.
